

## Electronics Transfer Network

### Terms and Conditions

By accepting to attend an event you authorise the event organisers and the Electronics Knowledge Transfer Network ("EKTN") to collect, store and process your non-sensitive business and personal information (the "Information") including but not limited to company name, names of delegates and contact details.

Should you agree to become a member of the EKTN, you authorise the EKTN to make the information accessible to other EKTN members in order to facilitate networking in the electronics industry.

You have the right to see the information that the event organisers and the EKTN keep about you upon receipt of a written request.

If you require amendments to be made to the information or if you object to further processing of your information then please contact the appropriate organisation:
