Senior Strategic Managers’ Peer Learning

The Senior Strategic Managers’ Peer Learning programme brings together high level managers who have significant experience and strategic influence within their organisation. It is an action learning group in which participants collaborate with senior colleagues in different organisations to achieve their own goals. With a group of max. 10 participants meeting regularly over a 6-month period, delegates take ownership for devising and testing their strategies, with active application of the learning reinforcing the impact.

Sessions are professionally facilitated and the structure is designed to build on delegates all-round leadership skills in a trusted environment. As the content is focused on management skills delegates from across all industries are invited to join.

Format: 2x 1 days + 3 x 1/2 days over approx. 6 months. Dates determined by the group.

Programme benefits:
- Confidential and collaborative peer-to-peer learning environment
- Increases confidence
- Highlights and tackles common challenges
- Exposure to different industries and management models
- Blended learning resources (including books, videos, online learning)
- CPD accredited

Previous topics have included:
- How to lead and motivate key staff in times of uncertainty
- Managing office politics
- Personal development planning
- Team dynamics
- Designing and implementing change
- Managing business performance
- Influencing and persuasion
- Book reviews, TED talks, guest speakers (by invitation)
- Communication style models
