About CN eLearning

Cambridge Network, the leading technology business membership organisation, introduces CN eLearning – a range of cutting edge, bite-sized digital learning resources designed to meet the needs of learners across every sector.

CN eLearning courses, delivered in partnership with MicroLearn, will provide a quick and easy solution to help you reach your organisation's goals. Whether you're looking for a compact learning module, or only have time for a 2 minute video, we have it covered!

All the courses are developed by a talented team of content developers who are committed to designing resources which support key learning initiatives within organisations and the wider L&D community, utilising expertise and insight from industry luminaries and SMEs.

Formats

The ethos is simple - learning is personal, so why should all learning be the same?

One size doesn't fit all when it comes to learning, which is why MicroLearn delivers a multi-modal solution to offer a wide and growing variety of learning resource formats to support both continuous professional development and learning opportunities in the flow of work.

Resources include:

- Animated whiteboard style video
- Expanded interactive learning
- Knowledge checks
- Assessments
- Case studies
- Infographics
- Fact sheets
- Workbooks

3 SCORM compliant formats include the Module, Video Plus and Video. Each resource is expertly designed to promote workplace productivity by making learning convenient, accessible and relevant.

Module

The 15-minute Module is our flagship product, designed to seamlessly take the place of traditional eLearning, but in a bite-sized microlearning resource.

- Whiteboard Video
- Check My Understanding
- Expanded Learning
- Additional Resources

Video Plus

The Video Plus is a shorter, video-centric format which can act as a handy refresher tool or is perfect as a standalone resource for learners who are pushed for time!

- Whiteboard Video
- Additional Resources
- Check My Understanding

Video

The talented in-house team produce high quality video assets which are at the heart of MicroLearn's instructional approach. The colourful whiteboard-style videos either stand alone, or support blended programs offering learners engaging bite-sized, SCORM compliant learning experiences.

The MicroLearn Library

With more than 160 titles across 16 ranges, the MicroLearn library is growing rapidly, with brand new content added every quarter.

The development roadmap is driven by MicroLearn course users and customers, taking client feedback and requests on board in our mission to create a library which really meets the needs and expectations of all learners.
